

Are you missing the “marc”?

CMARC that is!

Join today to keep abreast of domestic and international mobility trends, network with peers and gain access to industry resources.

“The benefits of joining CMARC were evident to me after attending one meeting. Not only does CMARC connect people through networking with corporate and service industry professionals, it contributes to professional development by offering topics and programming that is rich in content about domestic relocation and global mobility trends and practices.”

- **Trish MacDonald**
Director, Global Mobility
Westinghouse Electric Company

“Joining CMARC was one of the best decisions I’ve made throughout my career in relocation. The relocation professionals that I’ve had the pleasure of connecting with in CMARC have proven to be great resources. The group is comprised of outstanding corporate HR members along with knowledgeable service providers. They’ve provided educational support which was exceptionally useful while studying for the CRP. They are amongst the brightest minds in the relocation space, offering an engaging networking platform, useful tips, and expertise in the relocation industry.”

- **Kati Keith**
Manager of Global Mobility, SealedAir

CMARC is comprised of Service Providers and Corporate Members who meet four times throughout the year to share experiences and ideas. A Corporate only session is held once a year allowing you to benchmark policies and processes with your peers.

For \$100 per year, corporate membership only, you’ll gain a wealth of information, as well as education and networking opportunities. While our association by-laws prohibit solicitation at the meetings, you will have access to service providers to support your relocating needs

CMARC is an approved regional relocation group of Worldwide ERC.
